

Quality Policy

Meneghello strives to provide our customers with the highest quality galvanizing, steel fabrication and service, understanding our customer needs and striving for excellence whilst providing service with a team approach in a cost efficient and timely manner.

The standard we have set for ourselves in serving our customers is to provide good reliability of product, openness and accessibility of our product specifications, action when things go wrong, effective communication, empathy with our customers and value for money.

Expected standards have been set for galvanizing and steel fabrication addressing environmentally safe high quality finishing, high productivity and superior steel fabrication.

Our aims:

- To ensure that we do not injure our employees, contractors or damage our environment;
- To continue to focus on building healthy productive teams;
- To meet our production and financial budgets and plan for company growth;
- To maintain ISO 9001:2000 principles and build stronger customer focus by developing a platform for business improvement;
- To put in place appropriate company governance structures.

If an employee has doubts about any aspect of this Policy, they must seek clarification from their manager or the Managing Director. This Policy shall be reviewed periodically and disciplinary action may be taken against any employee found to have breached its principals.
